Gujarati

PROFILE

I build beautiful, functional web experiences. I'm a skilled designer and developer with a passion for creating user-friendly interfaces and powerful back-end solutions. I use my expertise in HTML, CSS, JavaScript (**React**, **Next.js**), Firebase, and **MySQL** to bring your ideas to life.

Highlights:

- Design: Pixel-perfect interfaces that captivate users.
- Development: Streamlined back-end for high performance and scalability.
- Collaboration: Foster seamless teamwork through GitHub, actively updating projects.
- Expertise: HTML, CSS, JavaScript (React, Next.js), Firebase, and MySQL.

Check out my GitHub profile to see how I collaborate and push boundaries: [ReactRocket](#).

WORK EXPERIENCE

React.js Intern

The Diamond Port

2023-2024

- As a React.js Intern at The Diamond Port, I contributed to the development of dynamic and responsive web applications using the JavaScript library React.js. Collaborating within a team environment, I engaged in creating robust user interfaces, implementing interactive features, and ensuring seamless functionality across various browsers and devices. Through this internship, I honed my skills in leveraging React.js to build efficient and visually appealing front-end solutions while adapting to evolving project requirements and employing best practices in modern web development.

PROJECTS

MAJOR PROJECT

G-Campus

- Your All-in-One College Management Platform
- Introducing G-Campus, a comprehensive web application built with React, Tailwind CSS, and MySQL to streamline college operations and enhance the academic experience for everyone. Powered by GitHub for seamless collaboration and version control, G-Campus offers an efficient and user-friendly solution

INTERNSHIP PROJECT

Internship Projects

Designed and developed various React.js applications during a 3-month internship at The Diamond Port, contributing to real-world solutions. Utilized technologies like Redux, ReactJS, Axios, Toasty, Tailwind CSS, GoREST API, and Redux-Toolkit.
