EDUCATION

Bachelor of Computer Applications

Udhna Citizen College

2021 - 2024

This comprehensive course on web development within the Bachelor of Computer Applications program offers students an in-depth understanding of modern web technologies and practices. Covering both theoretical concepts and hands-on application, this course equips students with the knowledge and skills essential to thrive in the dynamic field of web development.

LANGUAGES

Hindi

English

Gujarati

PROFILE

As a seasoned Full Stack Web Developer, I bring a robust skill set and extensive experience in designing, developing, and deploying innovative web applications. Proficient in both front-end and back-end technologies, I excel in leveraging a diverse toolkit including HTML, CSS, JavaScript frameworks such as React.js and Angular, alongside server-side languages like Node.js and Python. My track record showcases a knack for crafting intuitive user interfaces, architecting scalable databases, and implementing efficient server-side functionalities.

WORK EXPERIENCE

React.js Intern

The Diamond Port   2023-2024

- As a React.js Intern at The Diamond Port, I contributed to the development of dynamic and responsive web applications using the JavaScript library React.js. Collaborating within a team environment, I engaged in creating robust user interfaces, implementing interactive features, and ensuring seamless functionality across various browsers and devices. Through this internship, I honed my skills in leveraging React.js to build efficient and visually appealing front-end solutions while adapting to evolving project requirements and employing best practices in modern web development.
- Dynamic Web Application Development: Played a pivotal role in the development of dynamic and responsive web applications using React.js, harnessing its capabilities to create engaging user interfaces.
- Team Collaboration: Actively collaborated within a team environment, contributing to brainstorming sessions, code reviews, and discussions, ensuring collective success in delivering high-quality products.
- User Interface Development: Led the creation of robust and intuitive user interfaces, focusing on user experience enhancement and design implementation while maintaining consistency across the application.
- Feature Implementation: Implemented interactive features and functionalities, leveraging React.js components to add dynamic elements, enhance user engagement, and provide seamless navigation.
- Cross-Browser and Device Compatibility: Ensured the seamless functionality of web applications across various browsers and devices, conducting extensive testing and optimization to guarantee a consistent experience.
- Skill Enhancement in React.js: Leveraged the internship to further refine skills in React.js, mastering its nuances to build efficient, scalable, and visually appealing front-end solutions.
- Adaptability to Project Evolution: Adapted swiftly to evolving project requirements, demonstrating flexibility in adjusting to changing scopes, priorities, and timelines while maintaining the quality of deliverables.
- Adherence to Best Practices: Committed to employing best practices in modern web development, implementing industry standards, clean code practices, and optimizing performance for enhanced user experience.
- Problem-Solving and Innovation: Engaged in troubleshooting and problem-solving, showcasing an innovative approach to finding solutions and contributing creative ideas to improve the development process.
- Continuous Learning and Growth: Demonstrated a commitment to continuous learning, staying updated with the latest advancements in React.js and web development trends, applying newfound knowledge to enhance project outcomes.
